

AHR250D - Aviation Drum Style Hose Reels

Liquip offer the AHR250D series of drum style hose reel suitable for use with aviation fuels.

The AHR250D series is designed for the effective storage and use of a quantity of fuel delivery hose to make refuelling activity easy. When the fill point is located at varying locations the required length of hose can be dispensed manually and rewound by either hydraulic or manual means.

Key Features

- Flow area is equal to 63mm throughout.
- All components are easily replaced as required.
- Sealing is by o-ring seals.
- Built tough to last in the harshest conditions.
- Hose nozzle storage can be fitted with interlocks to help prevent drive away accidents or product spills.
- A-frame mounting frame can be supplied upon request.
- 3" TTMA inlet flange has a ½" BSP tapped port for pressure testing in-situ.

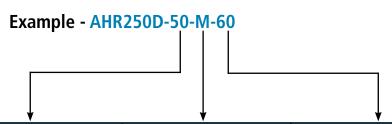

AHR250D-38-H-30 Hydraulic Rewind model shown

Technical Information

Pressure tested & rating	Up to 2,100 kPa			
Periodic Service	Annually - check O-rings and replace as required. Remove and repack bearing on each side of reel.			
Maustina	$4 \times M12$ Bolts - see mounting footprint on following pages. $2 \times A$ frames (AHR250-6) supplied separately.			
Mounting	Inlet flange to suit 75mm (3") TTMA - 8 off $3/8$ " BSW x 25mm deep blind threads on a 124mm PCD.			
Inlet and Outlet	Inlet flange to suit 75mm (3") TTMA - 8 off 3/8" BSW x 25mm deep blind threads on a 124mm PCD.			
	1 1½" or 2" gooseneck options			
Rewind Options	Manual Hydraulic			
Hose Drum widths	300mm (12") 450mm (18") 600mm (24") 950mm (37")			
Materials	Aluminium cheek plates and drum. Nickel plated steel gooseneck. Viton seals. Klinger gaskets.			
Variants	Can suit the following diameter hose: 25mm (1") 32mm (11/4") 38mm (11/2") 50mm (2")			
Operation	Dispense: Un-hook the nozzle and dispense hose to the required location.			
•	Rewind: Rotate manual handle or engage hydraulic motor.

Associated Equipment

Cartwheel/Catherine type hosereels: AHR250 series

Recommended hose: Elaflex or Continental Aviation hose in sizes as per technical information table below.

Overwing Nozzles: AVN series overwing nozzles or OPW 295 series overwing nozzles.

Underwing Nozzles: Contact Liquip for ordering information. **Hydraulidc Motor**: LIQ1295: HYD MOTOR DANFOSS (HOSEREEL).
