PO BOX 7049 Wetherill Park, BC NSW 2164
Phone: (+61) 9725 9000

29 July 2020

Dear Valued Customer,

As a Liquip customer, we wish to inform you that we have re-evaluated our manufacturing needs and have decided to move both our manufacturing and offices to a new facility in Wetherill Park, New South Wales, which is relatively close to our current facility. The new facility aligns with our current manufacturing requirements and will allow us to continue to design, manufacture and distribute world-class solutions for specialist fluid transfer applications.

We will complete our relocation by early December 2020. Our goal is to provide a seamless transition with minimal disruptions for our customers. As we approach the move date, we will keep you updated on changes to billing and/or shipping details.

Please note that the Liquip team will continue to keep the same phone numbers and email addresses throughout this transition. In the meantime, if you have any questions, please feel free to reach out to myself via email: joshua.james@liquip.com.

Thank you again for your valued business,

Joshua James

Sales and Marketing Manager
